

9 things you should know about us

CampusCard = Library card

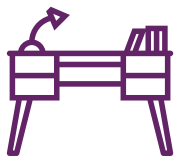

With your CampusCard you can borrow media and use our printer.

Login for your library account = SWITCH edu-ID.

Learning and working

Modern workspaces – some with a view over Zurich – await you.

Online 24/7

Our e-books and electronic journals are accessible day and night (VPN) and can be downloaded and/or printed for personal use.

Together it's better

We use the premises in the Toni-Areal together with the Media and Information Centre (MIZ) of the ZHdK. You can find us on the 5th floor of the tower at «Bibliotheken und Archive».

Training courses and reference service

Do you need advice on search strategies or managing literature with Zotero? We are happy to assist you.

Take advantage of our training courses and reference service.

Open to suggestions

Missing something in our library? Let us know.

We have books too

You can walk through the shelves, browse and borrow what you find.

Are you short of time? You can also order media online from us or from other libraries for pick-up at our library. The return machine takes them back around the clock.

Print, copy and scan

You can use the ZHAW printer/copier with your CampusCard. There is also a book scanner on each level. Just bring along your own USB stick.

We are here for you!

Can't find what you're looking for? Are you stuck on a search assignment? Is something not working properly?

Feel free to ask us personally at the information desk, give us a call or book a consultation at the reference service.
