# General Information on the Entrance Exams for Programs Starting in Fall 2023

## 1. Mathematics

You will have to focus on the following topic areas:

- Reducing fractions
- Transforming algebraic expressions
- Deriving straight line equations from two points
- Stating linear functions
- Solving quadratic equations
- etc.

To prepare, you may review the old KV Business School exams by clicking on the following link:  
<https://www.wskvw.ch/pruefungskommission-kaufleute/abschlusspruefungen/#1453274929883-88641911-a161> (Only available in German language)

In addition, you may also refer to the **Canton of Zurich curriculum regarding the vocational baccalaureate**:

[Kantonaler Lehrplan für die Berufsmaturität \(zh.ch\)](#) (Only available in German language)

You will find the relevant information regarding specific **requirements**.

## 2. Finance and Accounting

In the entrance exam, various financial accounting questions will be asked on balance sheets and income statements. This may include questions on simple transactions and their impact on the balance sheet and income statement. Part of the exam may also include questions on management accounting. Exam topics will include:

- Understanding the purpose of balance sheets and income statements
- Formation of accounting records for frequently occurring transactions in a business environment
- Elementary legal regulations for financial accounting according to the Swiss Code of Obligations
- A basic understanding of the purpose of a business accounting system (BEBU)

In addition, you may also refer to the **Canton of Zurich curriculum regarding the vocational baccalaureate**:

[Kantonaler Lehrplan für die Berufsmaturität \(zh.ch\)](#) (Only available in German language)

You will find the relevant information regarding specific **requirements**.

### 3. German

- Active/passive voice
- Indirect speech
- Punctuation
- Rhetorical devices
- Cases
- Particles
- Sentence transformation

### 4. English

- A dialog about work, studying, leisure activities, and plans for the future
