

Your new innovative solution with ZHAW and Innosuisse

- Innosuisse is the Swiss Innovation Agency that aims to support and fund applied and market-oriented R&D projects conducted together by the companies (or NGOs) and universities.
- Innosuisse funds between 50% and 70% of full-scale innovation projects, starting at CHF 200k

Innovation Projects with the Implementation Partner

Innosuisse – Swiss Innovation Agency

Innovation Cheque

- Initial feasibility study (optional)
- Review of applicable methods and data
- Design of concepts, research roadmap

- Funding of CHF 15'000
- Easy submission and quick verification

Innovation Project

- **R&D Work following a commercial or social goal**
- Practical output: usable workflows and prototypes

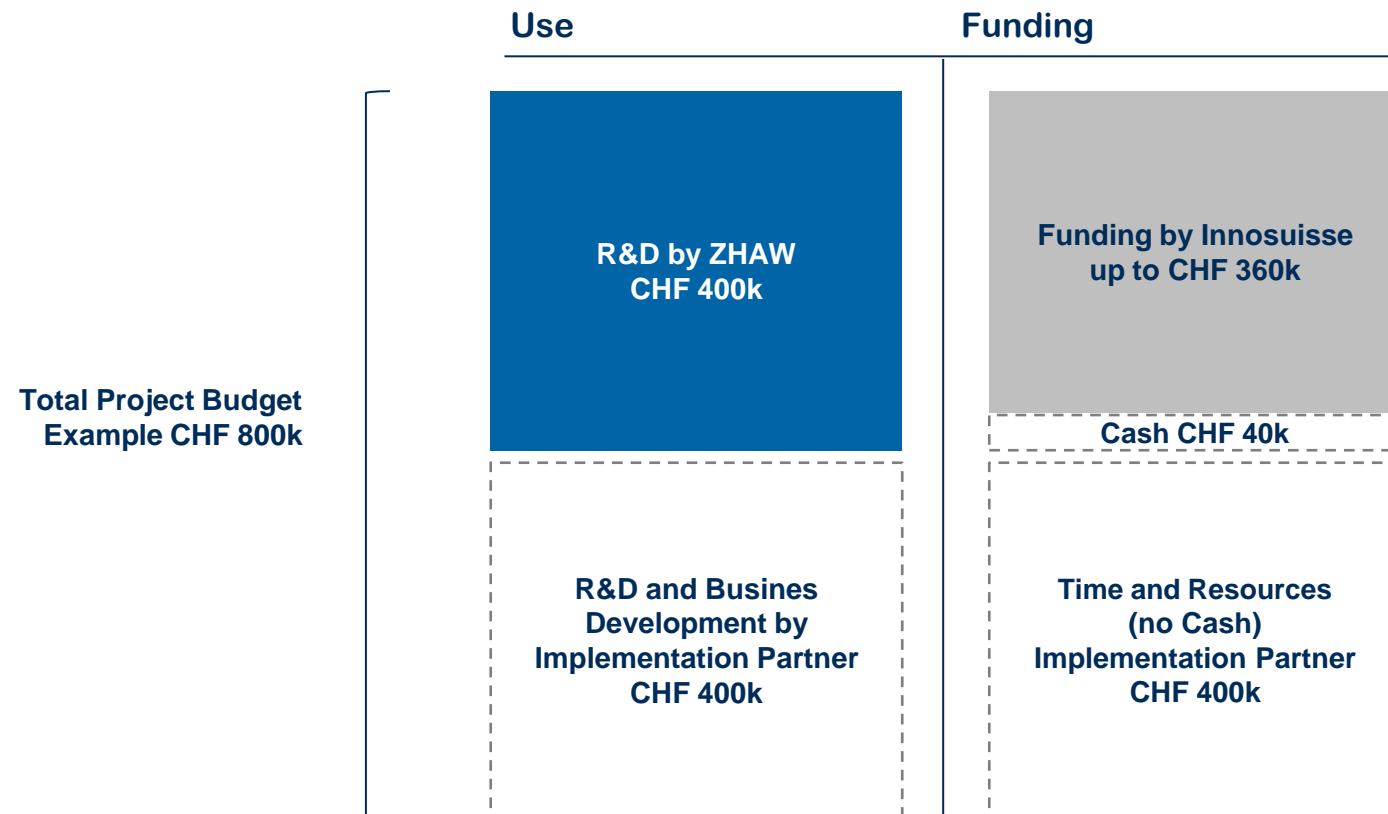

- **Innosuisse funds between 50% and 70%** of full-scale innovation projects

- The project sum starting at ca. CHF 200k and with no upper limit

Example Budget und Funding under the Innosuisse Impulse Program

The main idea behind is **Co-Investment**:

Implementation partner must be ready to invest its time and resources, while Innosuisse sponsors the bulk of the R&D work.
